

Title: Remembering 1916, Recording 2016

Name of Creator: The National Library of Ireland (NLI)

Dates of Creation: 2016

Scope and Content:

The “Remembering 1916, Recording 2016” project formed part of the National Library of Ireland’s programme for commemorations in 2016. The project is the largest to be undertaken by the library to date and was made possible by funding from the Department of Arts, Heritage, Regional, Rural and Gaeltacht Affairs.

During 2016, the NLI captured and preserved the content of websites that recorded the 2016 commemorations and also websites that reflected the events in Ireland in 2016. This included sites relating to the official *Ireland 2016* programme of formal events commemorating and reflecting on the centenary of the 1916 Rising as well as local, national and international cultural and creative events. The collection reflected the diverse and unique nature of the 2016 commemorations. “Remembering 1916, Recording 2016” also captured the Irish experience of World War 1 including the commemorative programme marking the centenary of the Battle of the Somme.

Site Selection

Selection of sites is being carried out by Maria Ryan of the National Library of Ireland.

Crawl parameters

Crawls are being undertaken throughout 2016 by our web archiving partners Internet Memory Foundation using the Heritrix web crawler.
