

## Yeats 150

### Background reasons for collection

2015 was the 150<sup>th</sup> anniversary of the birth of William Butler Yeats. The National Library of Ireland has a rich collection of material relating to the life and work of W.B Yeats, including the Yeats Library and the poet's manuscript collection. It was therefore a natural progression that the NLI would collect websites relating to the 150<sup>th</sup> anniversary. Events were held across Ireland and the world and the websites of these events were captured in the NLI's web archive.

### Site selection

Site selection was carried out by Joanna Finegan and Della Murphy of the National Library of Ireland.

### Crawl parameters

Twelve websites were selected for inclusion in the web archive. The websites were archived in December 2015 to maximise the amount of content captured.

### Scope and content

- In total, twelve websites were selected to be included in the web archive collection.
- One website, Yeats Galway 2015, was selected to be included but the website was no longer live when the crawl took place.
