## Irish Literature and Publishing

### Background

The National Library's web archive has been collecting Irish websites since 2011. The NLI is a legal deposit library and therefore receives a copy of all Irish publications. Given this longstanding tradition of collecting the published output of the nation, it was decided to archive literary and publishing websites in Ireland.

### Site selection

Site selection was carried out by Maria Ryan, Della Keating and Joanna Finegan.

### Crawl parameters

Sixteen websites in total were included in this crawl.

### Scope and content of resulting collection

- Sixteen websites are available for consultation as part of this collection.
- The International Dublin Literary Award and the Irish Book Awards websites were included to reflect Irish literary awards in 2017.
- Many literary festivals were also collected, including Mountains to Sea Book Festival and the Hinterland Festival.
- The website of Dublin One City One Book is included on an annual basis in the NLI web archive.
- Publishers are also represented in Ireland, including the website of Publishing Ireland and The Stinging Fly.
- Given the NLI's relationship with Poetry Ireland and the Poetry Aloud competition, the website was included in this collection.
- Children's books and Illustrators were also represented in this collection.
