AFTER YOUR VISIT

1. Look back on the guesses you made about how the war might have impacted on people – did the evidence you found in the exhibition change you mind? List anything which surprised you here.

2. Choose one of the 4 exhibition characters. Write from their perspective about what they experienced during World War I and why they chose to respond in the way they did.
3 The ways in which people remember World War One have changed over the years – especially in Ireland. Based on what you saw in the exhibition, what you have covered in class and on your own research, write about how the war was remembered at 3 different points in time:

1919

1950s

TODAY
Why do you think the way the war is remembered has changed?

---
